100% OF NET PROCEEDS ARE DONATED IN THE MEMORY OF LANA NELLIS AND GO DIRECTLY TO:
The Cancer Care Foundation and the families of Sally Gorney-Avila & Jake Spachner

Sally Gorney-Avila is the mother of 2 little girls and is fighting cancer. Unfortunately chemotherapy is not working and the side effects of these toxic drugs have taken a toll on the rest of her body. After some consideration, Sally has made the decision to try some holistic therapies. This type of therapy is not covered by insurance and is very expensive. We are hoping that our outing will help offset some of that cost.

Jake Spachner is an energetic 4 year old boy that was diagnosed with Acute Lymphoblastic Leukemia in 2008. Jake's prognosis for recovery is good, but he will need to undergo three years of chemotherapy and treatments. In addition to chemo, he regularly has to have spinal taps and bone marrow aspirations. Jake's mom had to take a leave of absence from work to help care for Jake. As you can imagine, this has put their family in quite a financial bind and funds raised at our outing will help the family tremendously.

The Cancer Care Foundation, is a voluntary, non-for-profit organization in Skokie, IL. Established by a group of Medical Oncologists in 1990, they provide free support services, nutritional counseling, and crisis counseling for cancer patients and their families. They helped Bill's in-laws, George and Lana Nellis, as they both faced their battles with cancer, and we've helped them for the last 4 years.
